“ Uncle Don:

*You were a great guy. You were one of the few I felt who really cared about me. You spoiled me and taught me great lessons. You also told me great stories about my mom I never knew. When my world turned upside down you were the only one there for me. I love you and I thank you for being a great uncle to me. I am thankful for the time you invested in me and all the down to earth talks we had. You never treated me like a child and made an effort to make me a part of your life no matter how others felt about it. I have great respect for you and the deepest regret for not calling you more since you left state. I love you and you will always be in my heart. You were a great man probably the only I knew who lived by what he said. May you rest in peace. I will really miss you.*
