“ Mike and I became friends in 1986. He was a great person with a big heart. We had many laughs over card games. Took a few trips together to New Orleans. It saddens me to know I will never see him or hear his voice on the phone again, in this lifetime...There is always a sadness with losing someone and a emptiness in your heart. But the memories of Mike will last with each of us until the day we are called home. Thanks for such great memories of our friendship I will carrying them in my heart always...I will miss you very much....rest in peace my friend...I will see you again someday.....Love You.....

“ Mike and Dean first moved in with me and my sister sometime after 1995 and lived with us for a year. Then they bought a modular home and put it on our property. Mike and my sister shared a special bond - secrets they never shared with me. Now, hopefully they are together again and he will be at peace at last
